

## Briquette Usage Instructions

### Step 1

Place five Peat Briquettes on their sides as shown in the illustration.

### Step 2

Break two firelighters in half, position as shown and ignite.

### Step 3

Place three Peat Briquettes on top with a thumbs width between each of them and enjoy the warmth of a real fire.

### Step 4

Re-loading the fire for best performance: When the fire has burned down some what, place four Peat Briquettes in the grate as shown in the illustration. Then place one Peat Briquette on top as shown in the illustration.
